Product Description

Kioti CS Series Sub Compact Tractor with Loader - CS2210

Power and Performance

Fuel-efficient KIOTI 3-cylinder diesel engine with smooth-shifting hydrostatic transmission for optimal control. Standard differential lock ensures traction, while rear and mid PTOs and a category I 3-point hitch lets you attach a variety of implements with ease.

Hydrostatic Transmission

Infinite 2-range hydrostatic transmission for effortless control, twin pedals for intuitive forward and reverse movements, seamlessly adjusting speed without ever touching a clutch.

Streamlined Hood Design

Single-lever engaged 4WD is standard on the CS2210 tractor.

Ergonomic Operator Station

The ergonomically designed workstation places operator controls within easy reach for maximum comfort.

Foldable ROPS

The standard fold-down roll bar allows you to move into low clearance areas quickly and easily.

Headlights

55W lamps are the brightest in this tractor's class.

Control Levers

The HST with HI-LO range lever allows the tractor to overcome a wide range of load tasks. The rear PTO and mid PTO can be controlled separately or together with a simple in-line shifting lever. The height adjustment lever allows the operator to easily control the mid-mount mower grass cutting height.

Four Wheel DriveSingle-lever engaged 4WD is standard on the CS2210 tractor.
