Product Description

Ironcraft: 66" Dual Cylinder Economy Root Grapple

Our economy single and dual cylinder grapples are ideal for moving small logs, brush, rocks, or just about any type of debris. It leaves the dirt behind, which makes it an essential tool for clearing lots, as well as for storm damage clean up at job sites. The economy dual cylinder grapple is designed for tractors, allowing owners to get the full potential from their tractors. Dual grapples allow the operator the ability to handle uneven and odd-shaped material.

All of our grapples are manufactured with top quality steel and will exceed the lifting capacity of the tractors that they are used with. They come standard with twin 2" bore by 8" stroke cylinders and are available in 60", 66", 72", and 78" widths. The Economy Root Grapple 60" - 72" opens to 26", and the 78" opens to 29".
