Product Description

Behlen: 6ft Chain Harrow

Smooth gravel driveways, level riding arenas, clean up pastures, and tackle countless tasks around your land with **Drag Harrows** from Behlen Country. Use the harrow with the tines down for aggressive soil engagement, or flip the tines up for more surface smoothing action. A favorite for gravel driveway management, the Drag Harrow is also great for various tasks, including preparing seed beds, breaking up hay piles, spreading manure, and much more!
