Product Description

Kioti CK4020SE HST CAB

SE models offer additional comfort and convenience features: synchronized shuttle shift, auto manual PTO, telescoping rear hitch, rear hydraulic remotes, tilt steering, premium seat, and rubber floor mat. Loader not included.

Eco-Friendly Diesel Engine

The whisper-quiet, eco-friendly KIOTI Tier 4 CRDI engine improves fuel efficiency while reducing noise levels. Letting you conquer every task with quiet confidence.

Single Lever Joystick

The single lever joystick redefines front-loader operation. With a flick of your wrist, you command every movement, from raising the boom to lowering the bucket. A float position allows the bucket free flotation over the ground surface.

High Ground Clearance

The impressive 13.4" ground clearance lets you glide over rocks and uneven ground to conquer any terrain with confidence.

Powerful Hydrostatic Transmission (HST Models)

Hydrostatic transmission for effortless control, twin pedals for intuitive forward and reverse movements, seamlessly adjusting speed without ever touching a clutch.

3-Point Control Lever (Cab Models)

Allows you to raise and lower your implements with the slide of a lever with minimal effort yet maximum precision. Handily located lever eliminates the need for climbing and contorting, to attach or detach an implement.

Factory Installed Cab (Cab Models)

The deluxe factory-installed full size cab with air conditioning and heat lets operators perform tasks comfortably in any weather condition.
