Product Description

Kioti HX1151 Utility Tractor

KIOTI's most powerful utility tractor. The HX1151 packs 115 horsepower and is ideal for farmers, ranchers, and stockmen to get the task done.

Dependable Workhorse

Conquer challenging tasks and cruise effortlessly with the power boost feature. This system unlocks an extra 9% in horsepower and torque, ready to tackle demanding PTO applications or propel you down the highway with ease. No need for manual adjustments – simply engage the boost and let the engine unleash its full potential.

Interior Comfort with Premium Features

A spacious five-pillar cab grants panoramic visibility, while the premium air suspension seat cradles you in comfort with adjustable fore/aft, swivel, and heated lower cushion. Need to train a new operator? The standard instructor seat makes it a breeze. The tilt and telescoping steering wheel let you dial in your perfect position.

Powerful Engine

The KIOTI 4-cylinder diesel engine boasts cutting-edge technology that delivers exceptional power and minimal noise. Its advanced fuel injection system and optimized combustion chamber create a clean, efficient burn that translates to quiet operation and reduced emissions.

Robust Front Axle

An unyielding front axle stands firm against the toughest terrain, while outboard planetary drives seamlessly transfer torque with precision. The limited-slip differential empowers you to conquer muddy fields and traverse through soft soils.

Hydraulic Shuttle

The HX Series has a hydraulic shuttle transmission, where seamless forward-reverse shifts are just a flick of a lever away. Each gear's speed is mirrored in reverse, making repetitive loader work simple.

KIOTI Connect Capable

An intuitive app for seamless equipment management, providing real-time insights, maintenance tracking, and remote diagnostics.
